

Disaster Survival House

Donovan Advanced Hurricane Protection has been chosen as one of a select few hurricane protection products to be installed on the Hurricane Warning! Disaster Survival House in Deerfield Beach, Florida.

The Disaster Survival House is an all-hazards learning and training center focused on hurricanes. They teach hurricane and disaster mitigation, safety and preparedness to children, families, seniors, students and businesses. Hurricane Warning! is a non-profit 501(c)3 organization based at the Disaster Survival House in Deerfield Beach, Florida.

"We're proud to be a part of this project," said Michael Ciferri Jr., President of Donovan Advanced Hurricane Protection. "The more people who know how to protect their families, homes and businesses the better for all of us."
